Under Desk Cable Basket Kit

Part number SWUDB-KIT

Under Desk Cable Basket Kit

The Cableduct under desk cable basket is a fast, cost-effective way to take power leads, data cables and power boards off the floor and tuck them neatly under the desk. Each kit includes the basket and brackets, and fixes to the underside of the desktop in minutes. Three versions cover most layouts: single tier for individual desks, back-to-back for shared desks and benches, and double tier when you need two levels of cable capacity. Choose 900mm, 1200mm or 2400mm, and trim the basket to suit the desk if needed.
