FLOOR BOXES — ABOVE GROUND FLOOR BOXES

AFB-20 Above Ground Floor Box Natural Anodised (Blank)

AFB20-NA

The AFB20-NA is an above-ground floor box with a Natural Anodised aluminium cover providing 2 x Standard Series power/data/AV outlet provisions. The steel body is manufactured from Galvanised Steel with an Aluminium cover in a natural anodised finish. Suitable for floor and bench mounting. Dimensions: 127 × 110 × 110mm. Not IP rated — suitable for dry, indoor environments only. Outlets not included — accepts standard series inserts. Must be installed by a licensed electrician. Compliant with AS3000 SAA Wiring Rules.
