

EB6 Starter Socket Sub-Plate

14470126

The 14470126 EB6 Starter Socket Sub-Plate from Cableaway is a key accessory designed for use with Endura Series floor boxes. Engineered to support the secure installation of software power outlets, it provides a stable, reliable mounting solution for EB6 floor box configurations. Manufactured for durability and precise fit, this sub-plate ensures seamless integration with the Endura system while maintaining a clean, professional finish. Ideal for both new installations and retrofit applications, it enables efficient setup and flexible configuration of in-floor power services, supporting practical, compliant cable management solutions for modern commercial environments.
