

ENDURA FLOOR BOX ACCESSORIES — INSTALLATION PROTECTION

EB Screed Lid — Installation Protection Lid

14470142

The 14470142 EB Screed Lid from Cableaway is designed for use with Endura Series floor boxes in screed and concrete floor applications. Engineered to provide a durable and secure cover during the construction and screeding phase, it protects internal power and data services from concrete ingress and site damage while maintaining the floor box's position in the slab. Manufactured for strength and long-term performance, the lid is suited to high-traffic commercial and industrial environments. It ensures reliable protection throughout installation, making it ideal for both new builds and retrofit projects requiring clean, professional in-floor cable management solutions.

TECHNICAL SPECIFICATIONS

Part Number	14470142
Series	Endura Floor Box Accessories
Type	Screed / Installation Protection Lid
Application	Protects Floor Box During Screeding & Concreting
Compatible With	Endura Series Floor Boxes
Compatible Series	64 Series & 98 Series
Material	Durable Steel Construction
Finish	Powder Coat

KEY FEATURES

- Protects floor box internals during concrete pouring and screeding
- Prevents concrete and debris ingress into the floor box body
- Maintains floor box height and position during slab construction
- Compatible with Endura 64 Series and 98 Series floor boxes
- Durable steel construction withstands construction-site conditions
- Removed once screeding is complete — leaves a clean installation ready for the finish lid

TYPICAL APPLICATIONS

Concrete slab floor construction	Screed floor installations
New commercial & industrial builds	Multi-storey commercial projects
Hospitality & hotel new builds	Educational facility construction
Retail & shopping centre fit-outs	Retrofit with concrete reinstatement

Compatibility & Notes: Designed for use with Endura Series floor boxes (64 Series and 98 Series), manufactured to comply with AS/NZS 3100 and IEC 60670.23. This is a temporary installation protection lid — remove before fitting the final lid and wiring the floor box in accordance with AS/NZS 3000 Wiring Rules. Consult a licensed electrician for installation.
