

ENDURA FLOOR BOX ACCESSORIES — EB9 EXPANSION BOXES

EB9 Expansion Box with 2 × Mounting Plates

EXB91FG

The EXB91FG EB9 Expansion Box from Cableaway extends the capacity and flexibility of Endura Series floor box installations. Engineered for compatibility with EB9 configurations, it adds space for additional power, data, and communication services, supporting more complex project requirements. Supplied with 2 × mounting plates, it enables immediate configuration of additional service positions. Constructed from durable materials, the expansion box ensures reliable performance while maintaining a clean and professional installation. Ideal for both new builds and retrofit applications, it provides increased versatility for in-floor service distribution in commercial and industrial environments.

TECHNICAL SPECIFICATIONS

Part Number	EXB91FG
