DATA CABINETS & COMMUNICATIONS — ACCESSORIES

Data Cabinet Accessories — Complete Range

VENTED DOORS · SHELVES · POWER RAILS · CABLE MANAGEMENT · FITTINGS

Cableaway's data cabinet accessories finish, secure and maintain your cabinet installation. The range covers vented front doors for better airflow, fixed, adjustable and cantilever shelves for non-rack equipment, horizontal and vertical power rails, cable managers, blanking panels, mounting hardware, replacement locks and castors. All parts suit standard 19" racks and Cableaway data cabinets unless noted.

KEY FEATURES

- One range to complete, secure and maintain 19" data cabinet installations
- Vented doors from 18RU to 45RU, in 600mm and 800mm cabinet widths
- Shelves for 600, 800 and 1000mm deep cabinets, plus cantilever and wall-hung options
- Power rails with 6 to 20 x 10amp GPO outlets, 10amp or 15amp plug
- Blanking panels and cable managers for tidy cabling and better airflow

TYPICAL APPLICATIONS

✓ Server & comms rooms	✓ Data cabinets & network racks
✓ Office & commercial IT	✓ Structured cabling installs
✓ Retail & POS back-of-house	✓ Education & government

VENTED DOORS — Vented Front Doors — 600mm & 800mm Wide Cabinets

Perforated, powder-coated steel front doors that increase airflow through the cabinet while still enclosing and securing rack-mounted equipment. Direct replacement doors for compatible Cableaway data cabinets.
