LINE8 POWER TRACK — MODULAR POWER SOCKET SYSTEMS

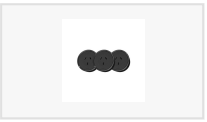

Line8 Power Track — Alpine Spruce 1m + 3 Sockets

BD-100-AS-CR-Left

Also available as **BD-100-AS-CR-Right**, **BD-100-AS-OB-Left** and **BD-100-AS-OB-Right** — see Ordering Information

The Line8 Power Track in Alpine Spruce is a modular power socket system with a scratch-resistant light timber-look finish. Sockets can be added, removed and repositioned anywhere along the track, so power is exactly where it is needed – no extension boards, no cluttered benchtops. Supplied as a 1 metre surface-mount track with three Line8 Type I power sockets.

AT A GLANCE

1m TRACK LENGTH	SOCKETS INCLUDED **3 × Type I**	CURRENT RATING **32A**
	CAPACITY **14 / metre**	WARRANTY **5 Years**

KEY FEATURES

- Add, remove and reposition sockets anywhere along the track – insert, twist and switch on
- Up to 14 sockets per metre of track, with a 32A rating per track
- No power flows to a socket until it is correctly seated and switched on – orange indicator shows when live
- Scratch-resistant light timber-look finish to suit residential and commercial interiors
- Triple Redundancy System: grounded shielding, mechanical safeguards and lock-and-key socket design
