LOCKOUT & SAFETY — GLOVE CLIPS

Glove Clip — High-Visibility Orange & Yellow

GLOVECLIP-OR **GLOVECLIP-YW**

A simple, tough clip that keeps work gloves on hand and off the ground. The larger clip grips the cuff of the gloves while the smaller clip fastens to a belt, pocket, harness or vest, joined by a flexible cord so the gloves hang freely. Available in high-visibility orange or yellow, the glove clip makes gloves easy to find and helps keep PPE with the worker during lockout, electrical and site work.

TECHNICAL SPECIFICATIONS

Type	**Dual-ended glove clip**
Material	**Plastic clips, flexible connecting cord**
Clips	**1 × large, 1 × small**
Hanging Loops	**Triangular loop on each clip**
