Lock Out Tag Pens — PVC Black

LOPEN

The Cableaway Lock Out Tag Pens are black PVC markers specifically designed for completing lockout tags clearly and permanently on site. The permanent ink ensures written information — technician name, date, reason for isolation — remains legible throughout the duration of the lockout period, even in outdoor and high-humidity environments. Sold as a set, these pens are an essential companion to any Cableaway Lockout Tag (LOTAG) and LOTO safety program.
