

LOCKOUT TAGOUT DEVICES — CIRCUIT BREAKER LOCKOUT SERIES

Nylon Lockout Safety Bag

LOPLBS

The LOPLBS is a flexible, durable nylon lockout safety bag designed to cover electrical connectors, plugs, hoist controls and other equipment during lockout/tagout procedures. The adjustable drawstring opening cinches over the target area and, combined with up to three padlocks, prevents any tampering or accidental operation while maintenance is underway.

TECHNICAL SPECIFICATIONS

Part Number	LOPLBS
Type	Lockout Safety Bag
Material	Flexible Nylon
Colour	Red, Printed "LOCKED OUT - DO NOT REMOVE"
Dimensions	660 x 245 x 6mm
Padlock Capacity	Up to 3 Padlocks
