

LOCKOUT TAGOUT DEVICES — SAFETY LOCKOUT SERIES

Steel Hasp with Hook

LOSAFETYHASP

The Cableaway Steel Hasp with Hook is a heavy-duty lockout HASP designed for high-demand industrial environments. The steel construction provides greater strength and durability compared to nylon alternatives, making it ideal for harsh sites and repeated use. The integrated hook allows the HASP to be hung on switchgear, circuit breakers, and isolation points. Accepts multiple padlocks simultaneously, ensuring full compliance with multi-trade Lock Out Tag Out (LOTO) programs.

TECHNICAL SPECIFICATIONS

Part Number	LOSAFETYHASP
Series	Lockout Tagout — Safety Lockout Series
Type	Lockout HASP — Steel with Hook
Padlock Capacity	Multiple Padlocks
Material	Steel
Colour	Red
Standard	AS/NZS 4836 Lockout/Tagout

KEY FEATURES

- Heavy-duty steel construction — rated for harsh industrial environments
- Integrated hook for hanging on switchgear and isolation points
- Accepts multiple padlocks for multi-trade LOTO compliance
- Greater durability than nylon alternatives for repeated heavy use
- Prevents unexpected re-energisation during maintenance
- Compliant with AS/NZS 4836 Lockout/Tagout procedures

TYPICAL APPLICATIONS

✓ Industrial switchboard isolation	✓ Heavy machinery lockout
✓ Multi-trade LOTO programs	✓ Mining & resources safety
✓ Oil & gas facility maintenance	✓ Manufacturing plant shutdowns

Compliance & Notes: For use as part of a compliant Lock Out Tag Out (LOTO) program per AS/NZS 4836. Padlocks sold separately — see LOPADLOCK and LOPADLOCKKA.
