

LOCKOUT TAGOUT DEVICES — SAFETY LOCKOUT SERIES

## Simple Cable Lockout

### LOSIMCABLELOCK

The Cableaway Simple Cable Lockout uses a flexible insulated cable to lock off multiple circuit breakers simultaneously — ideal for isolating a bank of breakers in a single action. Accepts up to 6 padlocks, making it suitable for multi-trade LOTO procedures. The cable threads through breaker handles to hold them securely in the OFF position during maintenance and testing. Lightweight and easy to deploy across a wide range of circuit breaker types and sizes.

#### TECHNICAL SPECIFICATIONS

|                  |                                        |

| Part Number      | LOSIMCABLELOCK                         |
| Series           | Lockout Tagout — Safety Lockout Series |
| Type             | Cable Lockout — Simple                 |
| Padlock Capacity | Up to 6 × Padlocks                     |
| Cable Type       | Insulated Flexible Cable               |
| Colour           | Red                                    |
| Standard         | AS/NZS 4836 Lockout/Tagout             |

#### KEY FEATURES

- Insulated cable threads through multiple circuit breaker handles
- Accepts up to 6 padlocks for multi-trade LOTO
- Locks breakers securely in the OFF position
- Suitable for a wide range of breaker types and panel layouts
- Lightweight and easy to deploy — no tools required
- Compliant with AS/NZS 4836 Lockout/Tagout procedures

#### TYPICAL APPLICATIONS

|                             |                                   |
|-----------------------------|-----------------------------------|
| ✓ Multi-breaker isolation   | ✓ Electrical panel maintenance    |
| ✓ Multi-trade LOTO programs | ✓ Industrial switchboard lockout  |
| ✓ Construction site safety  | ✓ Confined space entry procedures |

**Compliance & Notes:** For use as part of a compliant Lock Out Tag Out (LOTO) program per AS/NZS 4836. Padlocks sold separately. Not for use on live circuits.
