

Mesh Channel S-Plus 150mm — Pre-Galvanised (PG)

63022154

The Pemsas Mesh Channel S-Plus is an omega-profile steel mesh channel with a universal connection system for mounting Rejiband® and Pemsaband® trays from the ceiling via threaded rod. Featuring a Click fixing system for fast, tool-free assembly, the S-Plus is available in 150mm, 300mm and 600mm widths in a Pre-Galvanised (PG) finish. Ideal for light commercial and industrial cable management installations.

TECHNICAL SPECIFICATIONS
