DESKTOP POWER — POP-UP SERIES

Pneumatic Pop-Up Desk Power — 4 × Power, 2 × USB-A Charging, 2 × RJ45 Data with Wireless Charging (Black)

PUPNEU4P2USB2DW-BK

A pneumatic pop-up power and data unit that keeps desks clear and connections close at hand. Press the lid and it rises smoothly to 235mm, giving access to four 10A Australian power outlets, two 2.1A USB-A charging ports and two RJ45 data ports. Press again and it retracts flush into the desk, leaving only the lid with its built-in wireless charging pad. The aluminium and plastic body fits a Ø120mm cutout in desks up to 105mm thick and needs 145mm of clearance below the desktop. The RJ45 ports come pre-terminated with RJ45 plugs for quick connection, and the unit is RCM approved.

TECHNICAL SPECIFICATIONS

Mechanism	**Pneumatic push-to-raise**
Power Outlets	**4 × 10A 240V Australian**
USB Charging	**2 × USB-A, 2.1A each**
Wireless Charging	**Charging pad in lid**
Data	**2 × RJ45, pre-terminated plugs**
Material / Finish	**Aluminium & plastic, black**
Compliance	**RCM approved**

DIMENSIONS

Raised 235mm above desk — 145mm below desk — Ø120mm cutout

RAISED HEIGHT **235** mm	BELOW DESK **145** mm
DESK CUTOUT **Ø120** mm	MAX DESK THICK **105** mm

KEY FEATURES

- Pneumatic lift: press the lid to raise, press again to retract
- 4 × 10A Australian power outlets
- 2 × USB-A charging ports, 2.1A each
- 2 × RJ45 data ports, pre-terminated with RJ45 plugs for fast connection
- Wireless charging pad built into the lid, usable with the unit closed
- Aluminium and plastic body, black finish
- Fits a Ø120mm cutout in desks up to 105mm thick
- RCM approved for Australian use

TYPICAL APPLICATIONS

Offices & workstations	Boardrooms & meeting tables
Hot desks & co-working	Reception counters
Kitchens & benchtops	Education & libraries
Hotels & hospitality	Home offices

ORDERING INFORMATION

Part Number	**PUPNEU4P2USB2DW-BK**
Description	**Pop-Up Pneumatic 4 × Power, 2 × USB (A+A), 2 × RJ45 Data, Wireless Charging, Black**
Brand	**Cableaway**
Desk Cutout	**Ø120mm**
Packaging	**Individually boxed**

Installation: Cut a Ø120mm hole in the desktop (maximum desk thickness 105mm) and allow at least 145mm of clear space below the desk. Fit the unit into the cutout and connect to a suitable 10A power outlet. Total connected load must not exceed 10A. Keep the lid clear of objects before raising. Cableaway reserves the right to alter specifications without notice.

Compliance & Standards: RCM approved for use in Australia.
