

SP7550 SERIES SERVICE COLUMN — 75 X 50MM (NATURAL ANODISED)

SP7550 Service Column — 75 x 50mm, 1 Division (Natural Anodised)

SP7550-1DIV-ANODISED

Cableaway's SP7550 service column is manufactured from strong and lightweight extruded aluminium, providing an easy, attractive and economical way to distribute power and telecommunications cabling from an open ceiling space down to desk or workstation height. At 75 x 50mm with 1 division, it suits a single cable run or compact single-outlet drop. Each pole ships as a complete kit — extruded column, Top Plate, Escutcheon Plate, Internal Foot Plate, Jacking Bolt, Divider, Tee Bar Kit (optional) — ready to install without sourcing separate mounting hardware. Available in 3m, 4m and 6m standard lengths in Natural Anodised finish. Typical applications include office workstations, classrooms, retail outlets and factory floors.

**Compliance & Installation:** Cableaway service columns are manufactured from extruded aluminium and finished to AS/NZS standards for surface-mounted power and data distribution. Installation must be carried out by a licensed electrician where power circuits are involved, in accordance with AS/NZS 3000 Wiring Rules. Each column ships as a complete kit including top plate, escutcheon plate, internal foot plate, jacking bolt and divider; an optional Tee Bar mounting kit is available for column runs requiring intermediate ceiling support. Cableaway reserves the right to alter specifications without notice.

**Custom finishes:** in addition to the standard finishes shown, Cableaway can powder coat or anodise service column components to any Dulux or Interpon colour on request — visit [dulux.com.au](http://dulux.com.au) or [interpon.com.au](http://interpon.com.au) for the full colour range, or call 1300 883 452.
