

UMBILICAL FLEXIBLE SPINE — ARTICULATED CABLE SPINE

Umbilical Flexible Spine — Articulated Desk & Under-Desk Cable Management

UMBILICAL - SPINE

Cableaway's Umbilical Flexible Spine is an articulated cable management spine that guides power and data cabling neatly from ceiling or desk level down to the work surface, flexing to suit height-adjustable desks and changing workstation layouts. The 1300mm spine comes complete with a weighted base and top bracket for a freestanding drop from above, while the 740mm Under Desk version is a compact option for routing cabling beneath a desk or bench. Available in Black, White and Silver to suit the surrounding fitout.

AVAILABLE FINISHES

Compliance & Installation: Cableaway service columns are manufactured from extruded aluminium and finished to AS/NZS standards for surface-mounted power and data distribution. Installation must be carried out by a licensed electrician where power circuits are involved, in accordance with AS/NZS 3000 Wiring Rules. Each column ships as a complete kit including top plate, escutcheon plate, internal foot plate, jacking bolt and divider; an optional Tee Bar mounting kit is available for column runs requiring intermediate ceiling support. Cableaway reserves the right to alter specifications without notice.

Custom finishes: in addition to the standard finishes shown, Cableaway can powder coat or anodise service column components to any Dulux or Interpon colour on request — visit dulux.com.au or interpon.com.au for the full colour range, or call 1300 883 452.
