

ALUMINIUM SKIRTING & BENCH DUCT — AOL SERIES

AOL Series Skirting Duct 50 x 150mm (2 Division)

AOL50150D-XX

Cableaway's AOL50150D Skirting Duct is the larger-depth version of the two-division AOL aluminium skirting system, giving extra internal capacity for housing and distributing power and data cabling at skirting level. Manufactured from high-quality extruded aluminium, it gives a durable, corrosion-resistant and visually clean finish for commercial and office fit-outs. Supplied with a drop-in cover as standard, with an additional screw-fixed cover option available where extra security is required. Formerly part of the Esco product range.

TECHNICAL SPECIFICATIONS

Part Number (Body)	AOL50150D-XX
Profile	50mm (D) × 150mm (H)
Divisions	2 (power & data separation)
Body Length	2.4m
Cover Length	1.2m
Material	Extruded aluminium
Cover Type	Drop-in (standard); screw-fixed drop-in cover optional
Colour Options	Black, Natural Anodised, Opal Grey, Off White
Manufacturer	Cableaway — The Cable Management Group

KEY FEATURES

- **Extruded aluminium construction** for a durable, corrosion-resistant finish
- **50mm depth** gives extra internal capacity over the 35mm profile for heavier cable loads
- **2-division profile** keeps power and data cabling separated within one duct run
- **Drop-in cover** as standard, with a **screw-fixed cover option** for added security
- Matching **internal corner, external corner and stop end** accessories for a complete run
- 4 standard finishes: Black, Natural Anodised, Opal Grey, Off White

ALUMINIUM SKIRTING & BENCH DUCT — AOL SERIES

AOL Series Bench Duct 45 x 80mm

AOL4580D-XX

Cableaway's AOL4580D Bench Duct is a compact aluminium cable management profile designed for under-bench and desk-level power and data runs. Manufactured from high-quality extruded aluminium, it gives a durable and visually clean finish suited to commercial and office fit-outs. Unlike the AOL Skirting Duct range, the Bench Duct uses a convenient clip-on cover for quick, tool-free access, and is available in three standard lengths to suit different bench runs. Formerly part of the Esco product range.

TECHNICAL SPECIFICATIONS

Part Number (Body)	AOL4580D28/33/40-XX
Profile	45mm × 80mm
Body Lengths	2.8m, 3.3m, 4.0m
Material	Extruded aluminium
Cover Type	Clip-on cover
Colour Options	Black, Natural Anodised, Opal Grey, Off White
Manufacturer	Cableaway — The Cable Management Group

KEY FEATURES

- **Compact 45 × 80mm profile** suited to bench-top and under-desk cable runs
- **Clip-on cover** for quick, tool-free access along the run
- Available in **2.8m, 3.3m or 4.0m** lengths to suit the bench or desk run
- Optional **yellow segregation divider** to separate power and data cabling
- **GPO/data outlet mounting box** and joining pins available to complete the system
- 4 standard finishes: Black, Natural Anodised, Opal Grey, Off White

ORDERING INFORMATION

Description	Part Number
Duct Body, 2.8m length	AOL4580D28-XX
Duct Body, 3.3m length	AOL4580D33-XX
Duct Body, 4.0m length	AOL4580D40-XX
Clip-On Duct Cover, 2.8m length	A04580C28-XX
Clip-On Duct Cover, 3.3m length	A04580C33-XX
Clip-On Duct Cover, 4.0m length (2-part)	A04580C12-XX / AOL4580C28-XX
Stop End	AOL45-80SE-XX
Segregation Divider, 600mm (yellow plastic)	Z21A054
Outlet Mounting Box (GPO/data plates)	ESPCMB
Joining Pins (pack of 4)	AOL45-80JP
