

ALUMINIUM SKIRTING & BENCH DUCT — AOL SERIES

AOL Series Skirting Duct 35 x 150mm (2 Division)

AOL35150D-XX

Cableaway's AOL35150D Skirting Duct is a two-division aluminium cable management system for housing and distributing power and data cabling at skirting level. Manufactured from high-quality extruded aluminium, it gives a durable, corrosion-resistant and visually clean finish for commercial and office fit-outs. Supplied with a drop-in cover as standard, with an additional screw-fixed cover option available where extra security is required. Formerly part of the Esco product range.

TECHNICAL SPECIFICATIONS
