SKIRTING & WALL TRIMS — DRESS SKIRTING

Dress Skirting — Complete Range

DS100 · DS125 · DS150 · FS050 · FS100 · FS125 · FS150 · FS200 · FSCUSTOM

Cableaway dress skirting is a hard-wearing aluminium wall trim that architecturally and practically completes internal walls. Also known as false skirting or trim skirting, it protects walls from furniture, footwear and cleaning-machine damage, covers gaps between uneven floors and plaster walls, and gives the room a unified, finished look.

KEY FEATURES

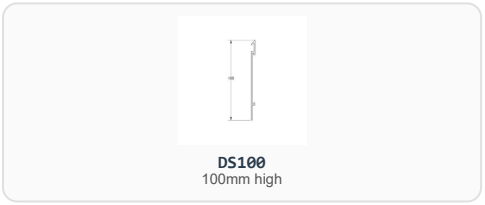

- Protects walls from furniture damage, footwear scuffs and cleaning machine marks
- Covers gaps and joints between uneven floors and plaster walls
- Hard-wearing extruded aluminium construction
- FS Series self-adhesive fixing — no screws required
- Wide range of finishes, special colours on request

TYPICAL APPLICATIONS

✓ Commercial office fit-outs	✓ Retail & hospitality fit-outs
✓ Corporate & government buildings	✓ Education & healthcare
✓ Renovations & refurbishments	✓ New building construction

DS SERIES — Aluminium Dress Skirting — 100, 125 & 150mm

Hard-wearing extruded aluminium dress skirting with a PVC tape insert. Supplied in 2.8m standard lengths and can be extruded to any required length. Stock finishes are Anodised and Black Powdercoat, with black or grey tape, corners and blank ends (special colours on request).
