

SD SERIES ALUMINIUM SKIRTING DUCT — ACCESSORIES

SD Series Angled GPO / Data Shroud Kit (Suits 50 × 100 Duct)

SDASK

The SDASK Angled GPO / Data Shroud Kit is the outlet shroud for Cableaway's SD Series 50 × 100mm aluminium skirting duct. Its angled body sits behind the outlet front cover at each outlet location, providing a mounting point for either a GPO or a data / voice outlet and giving a neat, finished outlet point in the duct run. Each outlet point also requires an SD Series 100h front cover — Clip-On (SDCFC100) or Drop-In (SDDFC100) — to suit the duct finish. **Please note: the GPO / data outlet is not included** and must be ordered separately.

TECHNICAL SPECIFICATIONS

Part Number	SDASK
Product	Angled GPO / Data Shroud Kit
Series	SD Series Aluminium Skirting Duct
Product Type	Power or data / voice outlet accessory
Outlet Included	No — GPO / data outlet sold separately
Suits Duct	50 × 100mm SD Series (SD50100)

Compliance & Installation: Cableaway SD Series skirting duct is manufactured from extruded aluminium for surface-mounted cable management. Installation must be carried out by a licensed electrician where power circuits are involved, in accordance with AS/NZS 3000 Wiring Rules. Internal Butt Join Earthing Kits must be fitted at every joint to maintain earth continuity along the duct run. Cableaway reserves the right to alter specifications without notice.

Accessories: The full SD Series range of duct bodies, lids, joiners, corners, blank ends and outlet kits is available — visit cableaway.com.au or call 1300 883 452.
