

UNDER DESK CABLE BASKET — BACK-TO-BACK (KITBB)

Under Desk Cable Basket — Back-to-Back KIT

SWUDB●●●WH-KITBB — White Powder Coat

The Back-to-Back Under Desk Cable Basket KIT is designed for spine desks and benching systems where cables arrive from both sides. Two steel mesh baskets are mounted side-by-side using the included back-to-back brackets, providing a neat cable management channel on each side of the desk partition. Keeps power and data cables separated and accessible from either direction.

Kit Contents: 2× steel mesh baskets + 2× back-to-back mounting brackets
