

WIFI ACCESS POINT MOUNTING

WAP WiFi Access Point Bracket — Vertical & Horizontal

WAP-WIFI BRACKET

Cableaway WiFi access point brackets provide a clean, secure mounting point for WiFi access points in commercial and industrial spaces. Available in a vertical or horizontal layout and built from extruded aluminium and steel for a sturdy, long-lasting mount. Every bracket is **made to order**, so it can be customised to your project needs — including length and colour.

MADE TO ORDER — CUSTOMISED TO YOUR PROJECT

Length

Cut to the drop or reach your site requires

Colour

Finished to suit your ceiling, wall or brand colours

Layout
